PREFACE

THE Catalog of Copyright Entries for the year 1947 is issued in a new series and an enlarged format, a change designed to increase and extend the usefulness of the compilation. Inquiries, suggestions and comments on all details of the Catalog are solicited, and should be addressed to the Chief of the Cataloging Division, Copyright Office, Library of Congress, Washington 25, D. C.

CONTENTS. This part of the Catalog of Copyright Entries contains an alphabetical list of books and selected pamphlets registered in the Copyright Office in Class A and certain other classes from January 1, 1947 through June 30, 1947. Some registrations made in the latter part of this period appear in Number 2 of this part of the Catalog. Renewal registrations in this class made in the first half of 1947 are listed in Part 14A of the Catalog.

ARRANGEMENT. This catalog consists of an alphabetical arrangement of complete entries under main headings (author, editor, or title); and of brief entries in the form of cross references from joint authors, editors, etc., and a few titles.

ENTRY. Under main heading each entry includes the title, illustrators, editors, and joint authors up to three, edition information as required, place of publication and name of publisher if available, and the year date given on the title-page. The year date of publication is also included if it is different from the title-page date. If the year given in the copyright notice is different from either date, it is included, in one of two styles: "c1947" or "Copyright 1947". Certain physical characteristics of each work will be found in the statement of the number of pages or volumes, the illustrative matter, and the size in centimeters. If the work belongs to a series, this fact is noted.

COPYRIGHT DATA. The statement of copyright facts following each entry begins either with the Copyright symbol © or the abbreviation "Pub." (published). The former is used in the case of works first published in the United States and works in foreign languages published abroad. The abbreviation "Pub." is used for works first published abroad in the English language, for United States editions of such publications, and for works in which the date in the notice differs from the publication date given in the application. The symbol © or the abbreviation "Pub." is followed by the day, month and year of publication as given in the application, which is the date of publication as defined in the Copyright Act. For ad interim works the date the work was deposited in the Copyright Office is also given. Where the claim is based upon new matter, a brief description of the new matter is given before the date. The name of the copyright claimant, or a designation for the claimant if his name appears elsewhere in the entry, follows the date, together with his address if that has not already appeared in conjunction with his name elsewhere in the entry. The registration number is preceded by one of the following symbols: A (books proper), AA (selected pamphlets, leaflets, etc., not listed in Part 1B of the Catalog); AF (Foreign books in a foreign language); AI (Books first published abroad in the English language); DP or D pub. (published dramatic compositions registered in Class D); EF (musical compositions published abroad registered in Class E); K (published prints or pictorial illustrations registered in Class K). Copyright statements for United States editions for which ad interim registration

was previously made are followed by a statement of the ad interim registration, when this information is available.

DEPOSIT OF COPIES. In the case of every copyright entry listed in the catalog, the deposit of copies (or copy) as required by the Act of Congress of July 30, 1947 (Title 17, U.S.C., secs. 12, 13) has been made.

AUTHORITY. The Catalog of Copyright Entries is published pursuant to the authority given in the provisions of Sections 210 and 211 of the aforesaid Act. Section 210 provides that the Catalog "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

ORGANIZATION OF THE CATALOG. This issue of the Catalog is part of Volume I of the new Third Series. The parts are numbered according to the alphabetical sequence of classes as listed in Section 5 of the aforesaid Act. Letters are used to designate subdivisions. CATALOG OF COPYRIGHT ENTRIES

Third Series

VOLUME I, PART 1 A, NUMBER 2

Books

JULY-DECEMBER

1947

COPYRIGHT OFFICE
THE LIBRARY OF CONGRESS
WASHINGTON 25, D. C.

PREFACE

THE Catalog of Copyright Entries for the year 1947 is issued in a new series and an enlarged format, a change designed to increase and extend the usefulness of the compilation. Inquiries, suggestions and comments on all details of the Catalog are solicited, and should be addressed to the Chief of the Cataloging Division, Copyright Office, Library of Congress, Washington 25, D. C.

CONTENTS. This part of the Catalog of Copyright Entries contains an alphabetical list of books and selected pamphlets registered in the Copyright Office in Class A and certain other classes from July 1, 1947 through December 31, 1947. In addition there are included a few 1946 registrations, some registrations made during the first six months of 1947, and some corrections of entries that appeared in the Catalog for the first six-months period of 1947. Renewal registrations in this class made during the second half of 1947 are listed in Part 14A of the Catalog.

ARRANGEMENT. This catalog consists of an alphabetical arrangement of complete entries under main headings (author, editor, or title); and of brief entries in the form of cross references from joint authors, editors, etc., and a few titles.

ENTRY. Under main heading each entry includes the title, joint authors up to three, illustrators, and editors, edition information as required, place of publication and name of publisher if available, and the year date given on the title-page. The year date of publication is also included if it is different from the title-page date, e.g., "1946" [i. e. 1947]. If the year given in the copyright notice is different from the date of publication it is also included, in one of two styles: "c1947" or "Copyright 1947". Certain physical characteristics of each work will be found in the statement of the number of pages or volumes, the illustrative matter, and the size in centimeters. If the work belongs to a series, this fact is noted.

COPYRIGHT DATA. The statement of copyright facts following each entry begins in the majority of cases with the copyright symbol ©. It is followed by the name of the copyright claimant and his address if the latter has not already appeared in conjunction with his name earlier in the entry. The date of publication as defined in the Copyright Act and as given in the copyright application appears next, in the order of day, month and year. For ad interim works the date the work was deposited in the Copyright Office is also given. When the claim is based upon new matter, a brief statement of the matter on which copyright is claimed follows the publication date. The registration number is preceded by one of the following symbols: A (books proper), AA (selected pamphlets, leaflets, etc., not listed in Part 1B of the Catalog); AF (Foreign books in a foreign language); AI (Books first published abroad in the English language); DP or D pub. (published dramatic compositions registered in Class D). United States editions for which ad interim registration was previously made are followed by a statement of the ad interim registration when this information is available.

The statement of copyright facts for those registrations completed in 1946 and in the first six months of 1947 and included here varies somewhat as to the order of items. The abbreviation "Pub." will be found in place of the copyright symbol in certain cases, namely, for works first published abroad in the English language, for first United States editions of such publications, and for works in which the date in the notice differs from the publication date given in the application.

DEPOSIT OF COPIES. In the case of every copyright entry listed in the catalog, the deposit of copies (or copy) as required by Title 17, U.S.C., Secs. 12, 13 has been made.

AUTHORITY. The Catalog of Copyright Entries is published pursuant to the authority given in the provisions of Title 17, U.S.C., Secs. 210 and 211. Section 210 provides that the Catalog "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

ORGANIZATION OF THE CATALOG. This issue of the Catalog is part of Volume I of the new Third Series.
